Transforming Businesses Through
Technology, Excellence
& Capability Building

Business Development | Project Management | Management Systems
ERP Implementation | Software Development & Managed Services | Operational Excellence

About Us

Why Qltc

Most implementation partners understand the software. We understand the factory. Three decades in manufacturing operations — Lean, Six Sigma, ISO, TS 16949, AS 9100 and greenfield projects — means we configure Odoo around the way your plant actually runs, not the other way round.

Quantum Leap Trainers and Consultants (Qltc) is a Management Consulting and Technology Solutions Organisation helping businesses improve performance, strengthen processes, and accelerate growth.

We partner with Organisations by combining:

- Business Consulting Expertise
- Project Management Practices
- Management System Knowledge
- ERP & Digital Transformation Solutions
- Software Development & Managed Services
- Operational Excellence Methodologies

Our approach focuses on understanding business challenges, designing practical solutions, implementing effective systems, and creating measurable business value.

Our Approach

Transforming Businesses Through
Integrated Solutions

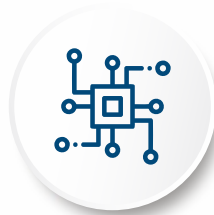

People

Skilled teams and effective change management

Processes

Optimised workflows and structured systems

Technology

Digital platforms and automation

Enterprise Excellence

Our objective is not just implementation
— it is creating sustainable improvement.

Business Development

Enabling Organisations to Achieve Sustainable Growth

We help Organisations identify opportunities, strengthen customer engagement, and create strategies that support long-term business growth.

Our Capabilities:

- Business Consulting
- Customer Relationship Management
- Growth Strategy Support
- Digital Presence Management
- Marketing Support

How Odoo Enables Business Development:

- CRM
- Lead Management
- Opportunity Tracking
- Sales Pipeline Management
- Customer Follow-up

Website & Marketing:

- Website Management
- Email Marketing
- Social Media Marketing
- Customer Engagement

Business Outcome:

Better visibility of opportunities, improved customer relationships, and structured sales growth.

Project Management

Delivering Projects Through Structured Planning & Execution

We support Organisations in managing projects effectively through structured planning, monitoring, and execution.

Our Capabilities:

- Greenfield Project Management
- Brownfield Project Management
- Project Planning & Monitoring
- Risk Management
- Resource Monitoring

How Odoo Enables Project Management:

- Create Project
- Assign Tasks & Responsibilities
- Track Project Progress (Kanban View & Gantt Chart)
- Monitor Deadlines

Business Outcome:

Improved project visibility, collaboration, and timely execution.

Management Systems

Strengthening Organisations Through Structured Practices

We help Organisations build effective systems that improve compliance, consistency, and continual improvement.

Our Capabilities:

- ISO Implementation
- Integrated Management Systems
- Process Documentation
- Risk-Based Approach
- Compliance Improvement

How Odoo Enables Management Systems:

- Document Control
- Quality Checks & Non-Conformance Tracking
- Dashboard

Business Outcome:

Improved control, transparency, and process discipline.

ERP Implementation

Connecting Business Processes
Through Digital Transformation

ERP is not only software implementation. It is about understanding business processes and creating an integrated operating system for the organisation.

Our Capabilities:

- Business Process Study
- ERP Implementation
- Customisation
- Add-ons
- Integration
- Support

How Qltc Implements Odoo ERP:

Discover → Design → Develop → Deploy → Support

Odoo Business Areas:

- CRM
- Sales
- Purchase
- Inventory
- Manufacturing
- Finance & Accounting
- HRMS (Human Resource Management System)
- Project Management

Business Outcome:

One integrated platform connecting people, processes, and information.

Software Development & Managed Services

Creating Technology Solutions
for Business Efficiency

Creating Technology Solutions For Business Efficiency

We develop solutions that help Organisations automate activities and improve productivity.

Our Capabilities:

- Business Applications
- IoT (Internet of Things)
- Visitor Management
- Document Management
- Cloud Services

How Odoo Supports Digital Solutions:

- Custom Modules
- Workflow Automation
- Integration Development
- Dashboards
- Business Applications

Business Outcome:

Reduced manual effort, improved automation, and better decision-making.

Operational Excellence

Driving Productivity Through Process Improvement

We help Organisations improve efficiency, reduce waste, and establish a continuous improvement culture.

Our Capabilities:

- Lean Management
- Six Sigma Practices
- Value Stream Mapping
- Process Optimisation
- Productivity Improvement

How Odoo Supports Operational Excellence:

Odoo Capabilities Applied:

- Process Visibility
- Inventory Control
- Workflow Automation
- Performance Monitoring
- Real-Time Reporting

Business Outcome:

Improved productivity, reduced delays, and better operational control.
